MASK WEAR

ALWAYS CLEAN YOUR HANDS BEFORE AND AFTER WEARING A FACE COVERING

Correct Covering

Medical masks should be reserved for health workers or patients in treatment.

If you have been advised to wear a medical mask, always have the coloured side showing and the metal band at the top of your nose.

DO NOT:
Wear the face covering below your nose.

DO NOT:
Leave your chin exposed.

DO NOT:
Wear it loosely with gaps on the sides.

Check Your Fit

Check that the face covering is made from a fabric that you are comfortable wearing.

Check that it is easy to fit and completely covers your nose and mouth, all the way down under your chin

Tighten the loops or ties so it's snug around your face, without gaps. If there are strings, tie them high on top of the head to get a good fit. Do not touch or fidget with the face covering when it is on.

DO NOT:
Push it under your chin to rest on your neck.

FOLLOW THESE TIPS TO STAY SAFE:

ALWAYS

wash your hands before and after handling your face covering.

ALWAYS

change your face covering if it is dirty, wet or damaged.

ALWAYS

change your face covering if it is dirty, wet or damaged.

ALWAYS

change your face covering if it is dirty, wet or damaged.

ALWAYS

change your face covering if it is dirty, wet or damaged.

ALWAYS

change your face covering if it is dirty, wet or damaged.

Safe Removal

Use the ties or ear loops to take the face covering off.

Do not touch the front when you take it off.

Disposing of Single-Use Mask

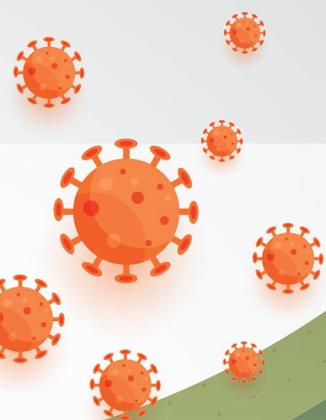

Always dispose of single-use masks properly in a bin.

Don't forget to clean your hands and keep social distance.

CORONAVIRUS PREVENTION

Wear a mask if you have a cough or runny nose

Cover your mouth with tissue paper when coughing or sneezing

See a doctor if you are unwell

Avoid contact with live animal, poultry and birds

Wash hands frequently with soap

Get enough rest

Throughly cook meat and eggs

CORONAVIRUS CoV

SYMPTOMS

avoid unprotected contact with live wild or farm animals

avoid touching your eyes, nose and mouth with unwashed hands

avoid close contact with people who are sick

AVOID

PREVENTION

wash hands frequently with soap

wear a mask if you have a cough or runny nose

cover your mouth with a tissue paper when coughing or sneezing

thoroughly cook meat and eggs

see a doctor if you feel unwell

Good Touch & Bad Touch

Good Touch

It feels good to be hugged and kissed by people you love.

- ✓ It feels good to be hugged and kissed by people you love.
- ✓ When Daddy gives you a good night kiss
- ✓ When Grandparents and Family come to visit and everyone gets a hug.

Bad Touch

Bad touch make us feel bad or uncomfortable.

- ✓ It feels good to be hugged and kissed by people you love.
- ✓ When Daddy gives you a good night kiss
- ✓ When Grandparents and Family come to visit and everyone gets a hug.

Private body parts are the parts you cover with your swimming suit when you go swimming. No one should ever touch your private parts except your parents or Doctor as they help to keep you clean & healthy

If someone gives me a bad touch, I say “no, stop that, back off” or “I don’t like that” or don’t touch me that way”.
“Never agree to keep it secret. Tell someone you trust.”

If someone gives you a bad touch then you should tell:

- ✓ Parents
- ✓ Grandparents
- ✓ Teacher or
- ✓ Other Trusted adults.

Dear Friend,

When someone gives you bad touch.
Don’t feel that you are bad.
Whoever gives you a bad touch is
the one who is bad, not you.
“Your body belongs to you”

TREAT CORONAVIRUS SYMPTOMS AT HOME

TEMPERATURE

- ✓ Get lots of rest.
- ✓ Get lots of rest.
(water is best) to avoid dehydration - drink enough so your pee is light yellow and clear.
- ✓ Take paracetamol or ibuprofen if you feel uncomfortable.

COUGH

- ✓ Lie on your side or sit upright instead.
Avoid lying on your back.
- ✓ Try having a teaspoon of honey to help ease a cough. But do not give honey to babies under 12 months.

BREATHLESS

- ✓ Keep your room cool.
Try turning the heating down or opening a window.
- DO NOT use a fan as it may spread the virus
- ✓ Try breathing slowly in through your nose and out through your mouth, with your lips together.
- ✓ Sit upright in a chair relaxing your shoulders.
- ✓ Lean forward slightly - support yourself by putting your hand on your knees or on something stable like a chair.

CALL 102 FOR AN AMBULANCE

if you or someone you care for:

- ✓ are struggling to breathe
- ✓ are coughing up blood
- ✓ have blue lips or a blue face
- ✓ feel cold and sweaty, with pale or blotchy skin
- ✓ have a rash that does not fade when you roll a glass over it
- ✓ collapse or faint
- ✓ become confused or very drowsy
- ✓ have stopped peeing or are peeing much less than usual.

Tell the operator you might have coronavirus symptoms
